### **Dealing with Harassment at UIU - HK Campus**

Upper Iowa University is committed to maintaining students a working and learning environment free from sexual harassment. Behaviors that inappropriately assert sexuality as relevant to employee or student performance are damaging to this environment. Sexual harassment by any member of the University is in violation of both law and University policy and will not be tolerated in the University community. Matters involving sexual harassment will be dealt with promptly and confidentially by the appropriate University officials.

Academic sexual harassment is the use of authority to emphasize the sexuality of a student in a manner that prevents or impairs that student’s full enjoyment of educational benefits, climate or opportunities. Unwelcome sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature constitute sexual harassment when grades or educational progress are made contingent upon submission to such conduct, or when the conduct has the purpose or effect of interfering with the individual’s academic performance, or when creating an intimidating, hostile or offensive educational environment.

Sexual harassment can occur between 1) students, 2) faculty and students and 3) staff and students. In determining whether an alleged conduct constitutes sexual harassment, consideration should be given to the record as a whole and to the totality of the circumstances, including the nature of the alleged sexual advances and the context in which the alleged incident occurred. Retaliation against an employee or student for filing a sexual complaint is grounds for a subsequent harassment complaint.

### **Responsibilities and Grievance Procedures**

It is the responsibility of all students to conduct themselves in such a way as to contribute to an environment free of sexual / racial/ religious harassment, Should a complaint of harassment received that involves a University student, employee under his/her administrative jurisdiction, immediate steps will be taken to deal with the matter appropriately, whether or not invoked by a grievance procedure. Taking positive steps to sensitize students with respect to this issue also is a responsibility of University administration.

**Procedures-** Individuals who believe they have been harassed may obtain redress through the established procedures of the University. A student may report harassment to our center director. Because of the sensitive nature of the situations involving harassment, and to assure speedy and confidential resolution of grievances, the University has established informal and formal grievance procedures for handling complaints involving sexual harassment. Informal procedures may be used but are not required to precede the formal procedures.

- **Informal Grievance Procedure.**  
A student may discuss a harassment grievance with our center director. After receiving the complaint, our staff may discuss the matter with all those involved, individually or collectively, in an effort to resolve the matter. If the employee or student is not satisfied with the informal efforts, he/she may then use the formal procedures.
- **Formal Grievance Procedure.** Formal procedures may be initiated by the aggrieved student subsequent to a failure to resolve the complaint at the informal level. A formal grievance relating to a complaint of harassment may be initiated by a student either in lieu of informal procedures or where informal efforts have failed.  
You may file a written and signed complaint with your center director. The complaint shall be submitted as soon as possible after the harassment has occurred, but not more than 60 days after the occurrence.
